

Mass Rock

Wednesday, 2nd August, 2017

I enjoyed playing with Sahara, finding different places to make a cubby and then going to the Year Five/Six trading post to buy objects and metal for our cubby houses to make it more enjoyable. I also enjoyed doing the dot painting and looking at other people's to get ideas for my own. I liked Nathan's ideas. I hadn't done dot painting before and it went better than I had expected. I also liked doing the weaving and I was able to help some of the kids in my group who couldn't do it so they will be able to do it next year.

Sofie Weir

When I was playing with Charli and Kirsty and the twinnies we went to a tree and we climbed on it. We put rocks in the water hole. Once when I went to the water hole with my nana a baby kangaroo had fallen in the water hole. Nana got it out. I liked making the damper and doing the dot painting because the painting was about the Aboriginal symbols. Everything we did in the afternoon was about the Aboriginal culture.

Latisha Exell

I liked looking around and exploring places and remembering things that I had done the years before, and going to the trading post and selling things to people. I sold cans and tin for other objects. I liked the face painting in the afternoon because it was something we hadn't done in the past years and it was a new experience.

Lachlan Rowe

I liked playing with the cubby house and working at the Year Five/Six trading post helping sell things. I built a big cubby and I built it with Thomas, Hunter, Tarkyn and Lachlan. Lochie Park helped us a tiny bit. We sold a big pole to Sahara and Sofie for their cubby. I liked

doing the painting on my arm of Aboriginal symbols, the dot painting and making the damper.

Riley Curtis

I liked when I was playing with Latisha, Kirsty, Bella and Kiarbroe. We found some glass and we sold it for other things. We found lots of tin. We were playing around near the waterhole. I liked when we walked back to school and we had a sausage sizzle. I liked when we painted on rocks and how we used the chalk to draw Aboriginal pictures.

Charli Harvey

I liked how lots of people joined in with other cubbies after they had finished their own cubbies. Most people would let other people play with their cubbies. During the afternoon I liked painting rocks and making damper.

Angus Critch

I liked playing with Lachlan, Riley, Hunter and Tarkyn helping them build a cubby. I also liked doing our dot paintings.

Thomas Knight

At Mass Rock I made my own cubby next to Laney and Maggie's. It had lots of little rocks around the edge to show that it was my little place. In the cubby I had a little billy can and some other little drink bottles. I had a hanger for my hat. I liked doing the dot painting because I learnt how to do one of a snake and I liked making the damper because we got to eat it after.

Cooper Messina
